## Career

---

### Plus Relocation

*Business Systems Analyst/Solutions Engineer*

**March 2014 - Present**

*Minneapolis, MN*

- Led company-wide paperless workflow automation project. Gathered requirements from and brought change to every department in the company. Resulted in significant cost savings, lower error rates, and higher inter-departmental efficiency.
- Led project to replace legacy expense auditing application with an internally developed web application. Also served as development team lead.
- Led company-wide transition from legacy reporting to Power BI, increasing company engagement with reporting.
- Led IT department initiative to create and roll out a ticketing system in SharePoint.
- Created and maintained ETL processes between accounting and expense processing systems.

### Technical strengths

- Requirements gathering and documentation
- Agile methodology
- Continuous integration and delivery
- SQL Server (SSIS, SSRS)
- Docker
- Node.js
- Vue.js

### Positions

- **Solutions Engineer**  
*January 2018 - Current*
- **Business Systems Analyst**  
*May 2016 - December 2017*
- **Expense Specialist**  
*September 2014 - April 2016*
- **Senior Expense Processor**  
*May 2014 - August 2014*
- **Expense Processor**  
*March 2014 - April 2014*

## Education

---

**University of Minnesota - Twin Cities**  
**Bachelor of Science (B.Sc.), Economics**

The Economics program at the University of Minnesota is ranked among the top 20 in the nation, according to U.S. News and World Report. The university provides a rigorous, quantitative backing in core economic concepts, statistics, and analysis that will continue to serve me throughout my career.
